

Old Town Infant School & Nursery Governor Profile

Photo:

Name: Jeff Adams	
Type of Governor	Co-opted
Term of Office	From November 2023
Work	Curate at St James' Church in Poole.
Governance Experience	I am relatively new to the role of school governor, but have been a charity trustee before within the education sector. As a former teacher myself, I have plenty of experience of working with governors but from the "other side" though.
Hobbies and Interests	I love to cycle, I use a bike to commute to work, but also to get out and enjoy the beautiful countryside around us. I also love music and play, to differing levels of ability, most of the instruments required to go into a rock band.
Links to the school/area	I have lived in Poole for most of my adult life, teaching in local secondary schools so know Poole reasonably well. I am now part of the leadership team in St James' Church down on Poole Quay, which is very close to the school.
Why did you become a governor?	<p>As a teacher of 20+ years' experience, I see how critical schools are in nurturing and developing young people. I am delighted to be able to offer my skills and experience of teaching and management to help Old Town School continue with the excellent work it is already doing.</p> <p>As a minister in the Church of England as well, part of my job is to serve the local community; and being one of the team which supports the local school enables me to do this in a sector which I have thoroughly enjoyed working in.</p>
